People Are Strange By The Doors

riPeople are strange when you're a stranger
Faces look ugly when you're alone
Women seem wicked when you're unwanted
Streets are uneven when you're down

When you're strange
Faces come out of the rain
When you're strange
No one remembers your name
When you're strange
When you're strange
When you're strange

People are strange when you're a stranger
Faces look ugly when you're alone
Women seem wicked when you're unwanted
Streets are uneven when you're down

When you're strange
Faces come out of the rain

When you're strange

No one remembers your name

When you're strange

When you're strange

When you're strange

Alright, yeah

When you're strange

Faces come out of the rain

When you're strange

No one remembers your name

When you're strange

When you're strange

When you're strange

Dear Panel Of So Called "Leaders" In Healthcare.

Do you realize how this song relates to Mass Gun Shootings?

Do you really understand the bases of the recent [within last 5 years] of social studies findings research study after study reaffirms this principle that we are becoming more of strangers in our culture that friends, neighbors, and even family members?

Why do you not get it?

Because you have a prejudice of one who has "Bi-Polar Disorder" cannot be a working valued member of society.

Because you also have a prejudice of one who happens to be a part of the class of persons living with HIV/AIDS that over these years you have classified us as "The Dirty / The Sinners".

Pope Francis Called Upon The Nation Of The United States of America in some words that I heard when I was listening to him live that day [delayed broadcast from internet].

I do not need to know how powerful this segment of words was when he said them to our nation in front of our Congress. Why? Because I do involve myself to know the social sciences on #SocialTrust to a level that I am working a "mission of peace" to build a networking ideal for "trust binding" and "trust building" like no other concept that has been on the planet in information theory.

Because you are strange to these sciences of meme and memetics, you obviously predicce me to a state of invalid useless junk.

YOU ALL ARE FUCKED UP HUMAN WRONG TO DO THAT TO ME!

I WILL NEVER CEASE TO BE YOUR THORN OF WISDOM GUIDANCE THAT YOU HAVE DONE A GREAT DISSERVICE IN THE CREATION OF SOME KIND OF MASSIVE MISCHIEVOUS MARVEL OF MOLDING MUCK CREATION IN THIS SCHEME YOU ALL HAVE BEEN PLAYING.

EVEN MY CURRENT ATTEMPT TO BRING AWARENESS OF THESE ISSUES WILL IGNORE THE PRINCIPLES OF WHY POPE FRANCIS SAID THESE WORDS:

IT IS WITHIN THE WORDS I HAVE WRITTEN UPON THIS CONSPIRACY IN COMMUNITY ADDRESS #01

<http://My-Foundation-Of-Trust-In-Healthcare.community.gruwup.net/01/>

-----[I NEED NOTHING FURTHER THAN I KNOW I AM RIGHT AND YOU ALL HAVE BEEN WRONG FOR SO FUCKING LONG IN YOUR COURSE OF MASSIVE MISCHIEVOUS MARVEL OF MOLDING MUCK FAITH BELIEFS THAT YOU ARE BEWILDERED BY WHO IT IS THAT IS CALLING FOR YOUR CHANGE OF CONSCIENCE]-----

But you have a hold of the healthcare options that you choose to revoke or abandon so that you can remain silent to the disaster that you all have created.... the foundational understanding of spread spectrum distrust that permeates all of our cultures.

You can't dismiss this and say it does not exist because you can't rationalize your faith in what you have been believing against the real truth.

OR

You choose to intentionally not interface with these truths on the web or otherwise because, in your hearts, you will be embarrassed by the exposure that you never had the best interest of the common good in the first place.

You hold lives and death circumstances in your hands.

You don't have that luxury to remain silent. Sorry I will continue to press and press and press and press the messages of peace until you concede and confess and repent over this masterful plan to destroy our society.

Great Reasons Us (You There, I Here, and all visiting guests and students of learning here along with Pope Francis)

Will Unite Peace

[...], [...], [...]

From his private meeting with President Obama to giving the first-ever papal address before a joint session of Congress, Pope Francis did not shy away from politics during his three-day stop in Washington, D.C. (Julie Percha/The Washington Post)

An excerpt from his public address broadcast worldwide live to which this author here was watching and listening to him intently . He said to the world to what I agree has been a part of my missing portion of my mission work ideal - I have no fix for this and I cannot totally be in this community work alone. This is what he told or asked or advised us to do:

[...], [...], [...]

— All of us are quite aware of, and deeply worried by, the disturbing social and political situation of the world today. Our world is increasingly a place of violent conflict, hatred and brutal atrocities, committed even in the name of God and of religion. We know that no religion is immune from forms of individual delusion or ideological extremism. This means that we must be especially attentive to every type of fundamentalism, whether religious or of any other kind. A delicate balance is required to combat violence perpetrated in the name of a religion, an ideology or an economic system, while also safeguarding religious freedom, intellectual freedom and individual freedoms. But there is another temptation which we must especially guard against: the simplistic reductionism which sees only good or evil; or, if you will, the righteous and sinners. The contemporary world, with its open wounds which affect so many of our brothers and sisters, demands that we confront every form of polarization which would divide it into these two camps. We know that in the attempt to be freed of the enemy without, we can be tempted to feed the enemy within. To imitate the hatred and violence of tyrants and murderers is the best way to take their place. That is something which you, as a people, reject. Our response must instead be one of hope and healing, of peace and justice. We are asked to summon the courage and the intelligence to resolve today's many geopolitical and economic crises. Even in the developed world, the effects of unjust structures and actions are all too apparent. Our efforts must aim at restoring hope, righting wrongs, maintaining commitments, and thus promoting the well-being of individuals and of peoples. We must move forward together, as one, in a renewed spirit of fraternity and solidarity, cooperating generously for the common good. The challenges facing us today call for a renewal of that spirit of cooperation, which has accomplished so much good throughout the history of the United States. The complexity, the gravity

and the urgency of these challenges demand that we pool our resources and talents, and resolve to support one another, with respect for our differences and our convictions of conscience.

TIME FOR SOMETHING NEW!

POPE FRANCIS REALISES THIS -- HIS MESSAGES ARE MORE CORRESPONDING TO TRUE SCIENCE RELATIONS THAT HOLDING ONTO FALSE FAITH MEMES THAT ARE IN THE WAY OF COMPLETE WORLD PEACE.

I HAVE A MISSION OF PEACE THAT I HAVE BEEN ATTEMPTING TO PASS THIS MESSAGE THROUGH WHILE BEING HATED UPON BY THE SOCIAL SERVICES LEADERSHIPS OF THE RYAN WHITE CARE ACT AGENCIES AND THE COMMONALITIES OF GLASSDOOR EMPLOYEE TIER LEVEL REPORTING REVIEWS RELATES THAT THIS IS A TOP DOWN PROBLEM SYSTEMIC REGION TO REGION --- AND THAT TOP DOWN PROBLEM NEEDS TO BE ADDRESSED FROM THIS BOTTOM UP PERSPECTIVES TO THE TOP.

I DEMAND THAT YOU RETURN MY MEDICAL CARE INTO PERSPECTIVE OF THESE MEANS OR GET OUT OF THE FUCKING WAY YOURSELF AND BRING FORWARD WHO THE HELL STARTED THIS --- I WILL TALK TO THE TOP HATER HIMSELF TO CONVINCHE HIM/HER/THEY TO RELATE THE MESSAGES THAT MUST BE GENERATED INTO THIS SOCIETY --- TO STOP THESE MASS GUN SHOOTINGS PERMANENTLY!

YES -- I AM THAT EXPERT OF CALLING --- KNOWING --- I HOLD THAT KEY --- YOU ARE NOT ONLY DESTROYING ME -- BUT ANY CHANCE THAT THIS SOCIETY CAN BE SAVED.

THAT IS THE STATE OF THIS --- I HAVE THE PROOF OF WHO I AM TO THIS --- TO HOLD ONE OF THE MOST UNIQUE CYBER IDENTITIES TO EVER EXIST ON THE PLANET AND THE TECHNOLOGY AND INFORMATIONAL LEARNING SKILL SET FROM MY FIRST JOB WORKING FOR THE SAN BERNARDINO PUBLIC LIBRARY AND CODING THE FIRST SOFTWARE THAT RAN THE COSAND COMPUTER CENTER --- WHEN I WAS 18.

SOFTWARE DEVELOPMENT DETAILS:

-- Highlights of my developed software applications & solutions --

- **Lien Tracking System (LTS)**

For tracking the required subcontractor construction documents to release payments on concurrently open projects. Included parameters to current construction lien laws and referenced the existing data file systems in accounts payable, accounts receivable, and job costing.

The primary processing automated the cross-referencing of related paid and open account balances by job in monthly periods and producing a "required documents report."

These documents can then be issued or requested from the suppliers or other subcontractors on the project. The system was expanded to include digital image archival.

Achieved Results:

Increase in efficiency, documents issued more promptly, on demand lookup of issued documents, reduction or almost elimination of general contractor document requests, increase in cash flow, and a better working association to the general contractor.

- **Tool Tracking System (TTS)**

To maintain locations of all tools in the shop or in the care of field employees on concurrently open projects. Reporting included employee responsibility tool listing with item values for employee approval. System was expanded to include all company assets tracking for insurance coverage and financial reporting.

Achieved Results:

Better tool care by employees, understanding of costs, and reduction in theft from unsecured tools on the project site.

- **Timeentry**

A user-friendly interface for individual employee time entry including the field construction crew. This was implemented as a front-end data input interface to the existing payroll system.

Parameters for available pay types, accrual calculations, default cost codes can be applied to an entire payroll department or individual employee exception.

Supervisor review and approval, proper limiting and validation parameters to labor laws and referencing related data files.

Achieved Results:

Increased efficiency in payroll processing and effectively reduced errors. Elimination of manual calculations including vacation, sick, holiday, and prevailing wage rates. More reliable reporting overall in general ledger, job costing, tax payments, certified payroll, and the reduction of voided checks.

- **Desk Manager (Cosand Computer Center)**

Maintained library patrons walk-in use of computer lab. Full implementation of information databases including user's file, software catalog, and lab users login interface. Reservations could be made up to two months in advance and computer time was restricted to two hours per day. The lab's desk manager maintained currently logged in users, remaining time, and any checked out software materials being used at the workstations. Lab administrators could schedule class or other group reservations, as needed. Statistical usage information was reported.

- **Microlink BBS (Public Library online bulletin board system)**

Full development of user login database, public and private messaging, questions to reference librarians, information bulletins, online games, usage log and statistics features. First online in 1983 using a \$5000 Corvus 10mb hard drive and a Hayes 300bps Micromodem. No commercial BBS software packages existed for this type of application. Microlink BBS was the second public library in the country to offer such dial up services next to The Chicago Public Library. Microlink was later renamed to LOLA (Library On-Line Apple).

"Because of you
I find it hard to trust not only me,
but everyone around me
Because of you"

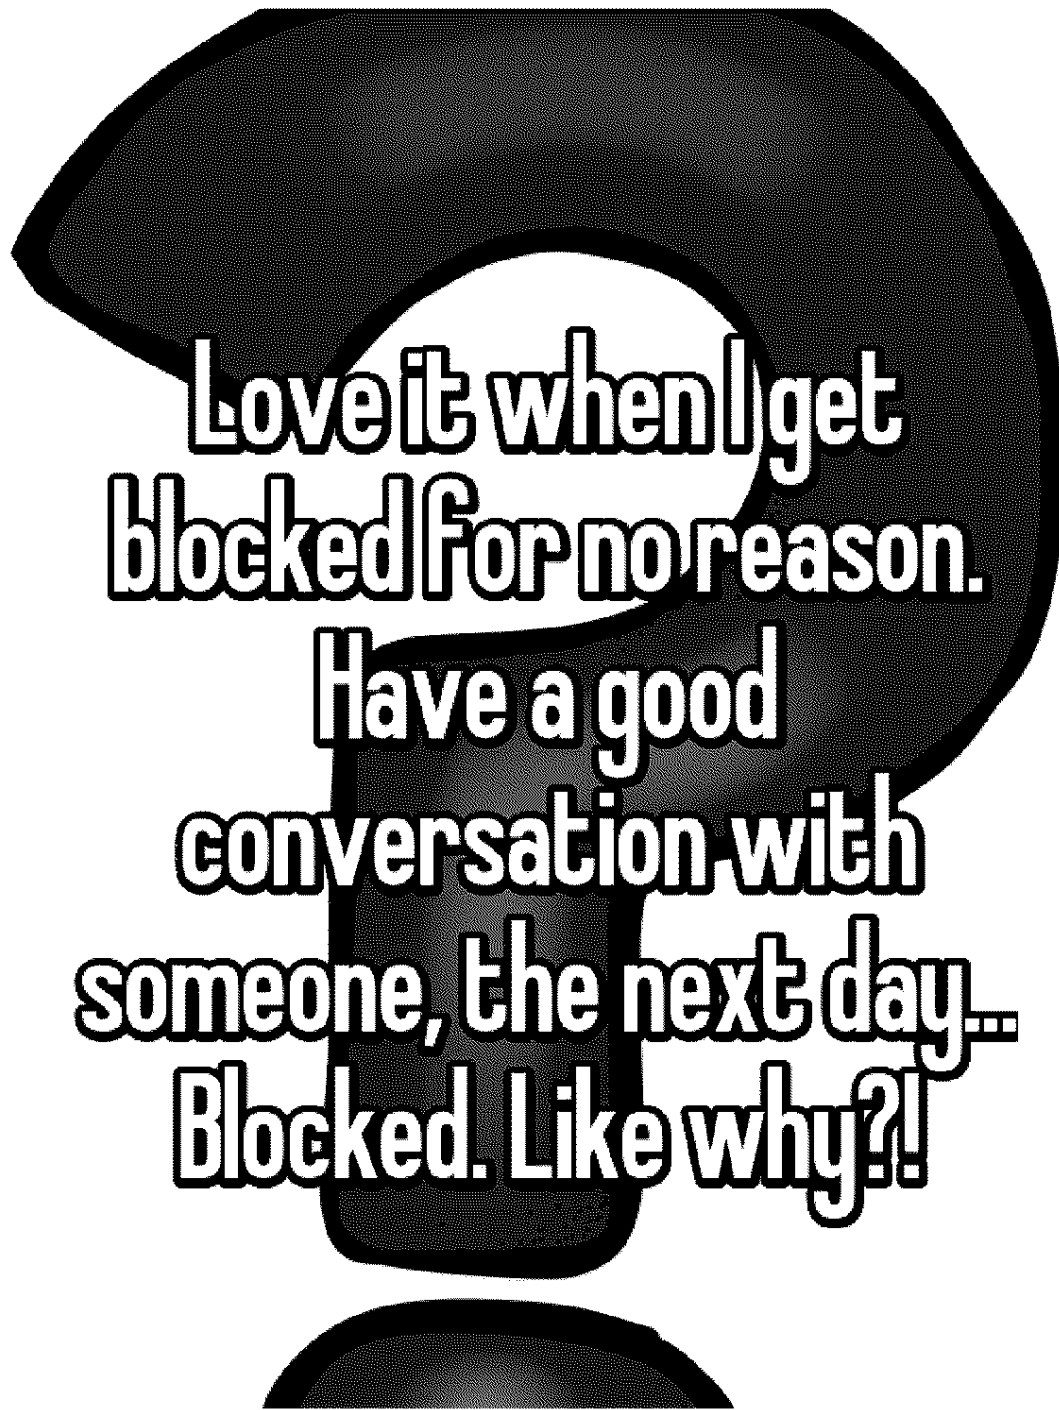

and how the erosion of trust in a sense that is described here leads a person to a mental state that causes violence, murder, and mass gun shootings. My fear or distrust is that by the time this understanding hits critical mass understanding, causing political change, it will be too late.

Ms. Brehme: I do not know what it will take for you to respond a response of responsibility. This web presence is holding a binding. You are in a different paradigm here understanding perhaps to conclude that you would not want to remain public visable in this attention getting light for an extended duration. What appears to be a business card is sourced from your actual therapist licence site. The source image is quickly found by google images search using your name. Further does not have a copyright affixed which means it is public domain usaable. I choose to take advantage of that status. For anyone to perform an image search of your name, it might be noticed there are other images in the return results displayed to the public interest of these circumstances documented by this networking web presence. This places a binding on to this casting that you as the subject of this web presence would not just ignore this!! It seems strange or a skew from any kind of normalcy that such exposure creates affixed to your name. Some might make the obvious conclusion that you are a bit [or a boast] irresponsible somehow to hold this web presence status in the first place. Further dyamically applied that would be for an extended period of time would be conclusive that you can't find yourself to right a wrong that you are involved in somehow. Even if that would be to make a domain query "content removal request". This web presence is demanding your accountability response upon matters which you internally know. These matters are too important of a contentious state life and death health related matters of a community to leave in silence holding an "intractable conflict" status. #ConspiracyExposedTerminatesASAP
